Blended Learning

European Adhesive Specialist Online (EAS-BL)

In accordance with guidelines DVS®/EWF 3309 and EWF 662. The course fulfill the requirements according DIN 2304, DIN 6701 and TL A-0023.

Online phase

- Virtual start meeting in the whole group
- Interactive learning on the computer, tablet or smartphone
- Regular online meetings with the trainers and repetition of the theory
- Support through e.g. interactive learning control and group work
- Learning takes place with less time pressure, is more flexible and independent of location

Attendance phase

- Practical experiments to support the theory
- Repetition of theory
- Intensive preparation for the exams

Course duration:

Online phase: 3 theory units
(approx. 25 hours each)

Attendance phase: 5 days

The participation fee is 5910€ and includes:

- Course documentation
- Lunch and drinks during breaks during the attendance phase
- DVS®/ EWF certificates

There is an additional one-off examination fee of 645€.

The online courses are identical to the face-to-face courses.

For the web based part of the training, participants must have a personal e-mail address and access to the Internet. Further information is available at: www.bremen-bonding.com

The attendance phase can also take place in your company. Further info under: www.bremen.bonding.com

The number of participants is limited. Courses in China and Poland available: see page 12.

Blended Learning

European Adhesive Engineer Online (EAE-BL)

In accordance with guideline DVS 3309. The course fulfill the requirements according DIN 2304, DIN 6701 and TL A-0023.

New course structure:

- two 3-week onsite face-to-face training phases at Fraunhofer IFAM in Bremen, Germany
- one 3-week remote web based training phase

The remote web based training phase consists of a combination of web based self-organised training, self-studying by the participants and some live online meetings (video conferences) with trainers and participants to discuss the topics, answer questions, etcetera. This phase uses course documents to guide through the topics. For the most part, participants set their own pace and the content of this section of the course can be repeated as often as desired.

The course fee is 17190€ for the complete course and covers:

- Preliminary course
- Course documentation
- EWF certificate
- During the onsite training phases:
Lunch and drinks during breaks

There is an additional one-off examination fee of 965€.

The online courses are identical to the face-to-face courses.

For the web based part of the training, participants must have a personal e-mail address and access to the Internet. Further information is available at: www.bremen-bonding.com

The attendance phase can also take place in your company. Further info under: www.bremen.bonding.com

The number of participants is limited. Courses in China and Poland available: see page 12.

In-house Courses

European Adhesive Bonder (EAB)

in accordance with DVS 3305

European Adhesive Specialist (EAS)

in accordance with DVS 3309

If a team of employees are to be trained at the same time, it is often more cost-effective to conduct the training courses at the customer's location. Therefore we also offer our training courses at your site. Up to 16 people can participate in each course.

The courses are identical to the courses held at the Fraunhofer IFAM in terms of duration, procedure and course materials used. The course language can be chosen according to your requirements (English or with translation into any other language).

All necessary materials for the practical experiments and theory will be provided by us on site and will be delivered before the start of the course. For courses outside the EU other regulations may apply.

General requirements for in-house courses in your company are

- Two separate rooms if possible
- Theory room with projector
- Room for practical experiments with workbenches, sufficient ventilation and appropriate disposal facilities. Areas in production can also be used by arrangement.

Please contact us so that we can arrange the necessary requirements for a training course in your company and the dates with you.

Course Information

International cooperation partners

We also cooperate with partners who carry out these courses on our behalf and according to our quality requirements.

The trainers have been trained by us and are closely linked to the Fraunhofer IFAM through regular meetings. This guarantees a comparable, high quality of the courses, regardless of the venue. The advantage for you: Lower travel costs due to shorter distances to the training locations and courses by native speakers in the local language.

Cooperation partners in Germany and Switzerland you will find on <https://www.weiterbildung.ifam.fraunhofer.de/de/klebtechnik.html>
